FIA WORLD ENDURANCE CHAMPIONSHIP
2018 June 10th to 18th

From The Stewards of the Meeting

To The Competitor's Representative
N° 28 – TDS RACING

Decision N° 73

The Stewards, having received report Nr. 29 from the Technical Delegates and heard the competitor representative and the FIA and ACO Technical Delegates have considered the following matter, determine a breach of the regulations has been committed by the competitor named below and impose the penalty referred to.

No, Driver N° 28

Competitor TDS Racing

Time 15:45

Facts Appendix A, Art. 2 of the LMP2 Technical Regulations

Offence Tolerance of the bottom flatness was 8 mm

Decision REPRIMAND and advice to the competitor that the flatness must be 2mm inside the refuelling tank which could be achieved by a thicker part

Reason The bottom flatness has been a tolerance of 8 mm instead of 2 mm. The competitor explained that before the race the bottom flatness was correct and measured by the scrutineers and they consider that during the race the bottom flatness changed due to a pulling force to the refuelling tank.

The Competitor is reminded of his right of Appeal in accordance with Article 15 of the FIA International Sporting Code and Article 19.1.1 of the FIA Judicial and Disciplinary Rules.
